“Quality Means Doing  
It Right When No  
One Is Looking”

## WELCOME TO OUR BUSINESS

A young, dynamic team specializing in construction and design, bringing fresh, innovative ideas to every project. They combine technical expertise with a creative approach to deliver functional, aesthetically pleasing spaces. Passionate about modern design trends and efficient building practices, they thrive on collaboration, attention to detail, and a commitment to turning their clients' visions into reality. Their energy, adaptability, and dedication make them a trusted partner in delivering high-quality results.

# ABOUT COMPANY

Aana Construction and Consultancy is a dynamic and innovative company specializing in comprehensive construction and consultancy services. With a commitment to excellence, we deliver high-quality solutions tailored to meet the diverse needs of our clients. Our expertise spans across residential, commercial, and industrial projects, ensuring sustainable, efficient, and aesthetically pleasing outcomes.

## OUR VISION

Our Vision is to prioritize client satisfaction by blending technical expertise with personalized service. Our team of skilled professionals and experienced consultants collaborate closely with clients to turn visions into reality, from initial design and planning to project execution and completion.

“

“Don't ever promise more than you can deliver, but always deliver more than you promise”

## OUR MISSION

At Aana Construction and Consultancy, our mission is to shape a better-built environment through innovation, quality, and collaboration. We are dedicated to transforming ideas into reality, making every project a cornerstone of progress and success.

**AANA**  
CONSTRUCTION & CONSULTANCY

“

"Satisfaction lies in the effort, not in the attainment. Full effort is full victory"

## WHY CHOOSE US?

At Aana, we stand out as a trusted partner for all your construction needs. You're not just hiring a construction company; you're gaining a partner committed to turning your vision into reality with integrity and professionalism.

Proven Expertise: With years of experience in the construction industry, we deliver projects with precision, efficiency, and quality.

Customized Solutions: We understand that every project is unique, and we tailor our services to meet your specific requirements.

Commitment to Quality: From materials to craftsmanship, we maintain the highest standards to ensure lasting results.

Sustainability Focus: We integrate eco-friendly practices and sustainable designs to build for a better future.

Skilled Team: Our team of professionals is highly trained, innovative, and dedicated to delivering excellence.

Timely Delivery: We value your time and ensure that projects are completed on schedule without compromising quality.

Transparent Communication: We prioritize clear and honest communication, keeping you informed every step of the way.

Comprehensive Services: From planning and design to construction and post-project support, we provide end-to-end solutions under one roof.

# OUR SERVICES

Our services encompass a complete range of civil, structural, architectural, and project management solutions. We combine technical expertise with innovative design to deliver functional, cost-effective, and sustainable outcomes. Each service is tailored to meet the unique requirements of our clients.

## Civil and Steel Structural/ PEB Work/Retrofitting

Our firm undertakes complete civil and steel structural solutions, including Pre-Engineered Building (PEB) systems. Projects are executed with precision engineering, adherence to safety codes, and high durability standards. We ensure cost efficiency, timely delivery, and structural integrity.

## Vernacular Architecture

We integrate vernacular design principles with modern construction techniques. Local materials and climate-responsive methods are applied to achieve sustainability. This approach preserves cultural identity while delivering functional spaces.

## Commercial/Residential Interior & Exterior Design Works

We provide comprehensive structural analysis and design services in compliance with industry codes. Advanced engineering tools are employed to ensure stability, strength, and safety. Each design is optimized for efficiency and long-term performance.

## Project Management, BOQ & Documentation

Our project management services cover planning, scheduling, cost control, and execution monitoring. Accurate Bill of Quantities (BOQ) and systematic documentation are prepared to maintain transparency. This ensures projects are completed within defined timelines and budgets.

## Structural Analysis & Design

We provide comprehensive structural analysis and design services in compliance with industry codes. Advanced engineering tools are employed to ensure stability, strength, and safety. Each design is optimized for efficiency and long-term performance.

## 2D & 3D Planning

Detailed 2D drawings and realistic 3D models are prepared for all projects. These visualizations enable clear understanding of layouts prior to execution. Clients benefit from accurate design interpretation and reduced revisions.

# OUR SERVICES

We offer end-to-end services in construction, consultancy, and design with a commitment to quality and efficiency. From structural engineering to interiors, planning, and visualization, our solutions are developed to add value at every stage. Our focus is on delivering reliable, sustainable, and client-centric results.

## 4D Elevation & 4D Floor Plan App

We provide 4D elevation and floor plan applications for enhanced project visualization. These tools allow interactive review of spatial layouts and façade designs. The process minimizes risk and improves decision-making efficiency.

## 3D Walkthrough & VR (Virtual Reality)

We deliver advanced 3D walkthroughs and virtual reality simulations. These tools provide stakeholders with immersive previews of proposed developments. Early visualization supports informed approvals and optimized project outcomes.

## Smart and Space-Saving Furniture

We specialize in the design of multifunctional, space-saving furniture. Solutions are developed to suit modern requirements while ensuring durability and elegance. Each piece enhances space efficiency without compromising quality.

## Landscape Design & Real Estate Town Planning

Our expertise covers sustainable landscape design and integrated town planning. Projects are developed to balance infrastructure, environment, and aesthetics. This ensures well-organized layouts and livable urban communities.

## Space Planning and Home Décors

Our team provides efficient space planning to maximize utility and comfort. Customized décor solutions are developed to enhance living and working environments. Designs are tailored to combine practicality with refined presentation.

“

“From concept to completion we build with precision and purpose.”

# TECHNICAL TEAM LEAD

Our Team Lead brings expertise in both design and execution, ensuring every project meets the highest standards. With strong leadership and problem-solving skills, they guide the team toward innovative and practical solutions. Their unique ability to balance technical precision with client-focused delivery sets them apart in construction and consultancy.
